

2011 WSBS Competition Awards List

Here is the list of awards for our 2011 state show in Madison. When you put your tray together, keep a few general guidelines in mind: Use the 2011/2012 edition of the NBS Classification Guidelines (the blue book) as you work on your trays. Labeling isn't required for most awards, but if you want to get the most points for your efforts, labeling will direct judges' attention to things they might otherwise miss. Don't worry if you goof on a label when labeling isn't required, it won't hurt you. Remember the 20% guideline. You'll find it on page 7 of the blue book under "What is the TWENTY PERCENT GUIDELINE (overloading)?" If there are exceptions to the 20% rule, they are written into the award as a specialization or as a limit of (or no limit on) phrase.
